

Psychic Politics: An Aspect Psychology Book, 1979, 374 pages, Jane Roberts, 013731745X, 9780137317455, Prentice Hall PTR, 1979

"Psychic Politics" is Jane Roberts' search for the rules that govern our inner life—the links between daily, subjective experience and the greater Reality that nourishes all our existence. This is not only her most challenging book, but a very personal investigation in which the sources of dream and myth, and the creative wellsprings of sex and spirituality, appear in their full and breathing relationship to daily life. And, here for the first time, Roberts introduces her theories of "counterparts" the "library" and the "codicils", concepts that are key to understanding her entire body of work.
